

**DR. P. ULAGANATHAN, IAS, DISTRICT
MAGISTRATE & COLLECTOR FOR SOUTH
24 PARGANAS, WEST BENGAL.**

Ref.No.59

January 28th 2020

For the last 30 years and still, the 'DIVINE FELLOWSHIP' is truly doing a commendable job among the visually impaired children supporting them in their education, nutrition, health, prevention of blindness and integration etc, leading to complete rehabilitation. Presently, they have a specially designed Residential Co-Ed School accommodating 170 seriously affected children with vision and related disorders and need critical assistance, in their existing campus facilities.

In keeping up with growing needs and demands, they plan to enhance their accommodation capacity from existing 170 to 300 children who need full assistance with residential care including nutrition, health, education, life-skills with vocational training and livelihood support for resettlement in life all over again.

I, therefore, strongly recommend that if the 'DIVINE FELLOWSHIP' is extended supports, I'm sure hundreds of children and youth particularly with multiple disabilities will be tremendously benefitted through facilities both in their 'Residential and Extended Care-units', since the need is quite high, and there're not many organizations so dedicated to serve exclusively these segments of the affected children and youth.
